Uganda Revenue Authority
DEVELOPING UGANDA TOGETHER

SBC (UGANDA) LIMITED

Excel Award Winner Fy 2019/20

SBC (Uganda) Limited was incorporated in March 2016 and it deals in construction of civil engineering projects. SBC Uganda Limited was formed as a joint venture between Colas Ltd a UK firm and SBI International Holdings a Ugandan construction firm.

They are registered for various tax types namely: PAYE, Withholding Tax, Corporation Tax and VAT. The company is contributing to the development of our country Uganda and is currently contracted to construct Hoima Airport. They are very responsive to change and have recently been trained for the Electronic Fiscal Receipting and Invoicing System (EFRIS) opting for the web portal option given the limited transactions they carry out under the VAT tax head.

SBC (UGANDA) Limited employs 922 staff and contributes appx UGX 542 million monthly under PAYE. SBC has contributed over UGX 48 billion in the FY 2019/20 making it the biggest contributor of Income Tax in the last financial year.

Ladies and gentlemen join us in congratulating SBC (UGANDA) LIMITED on winning the Excel Award for the FY 2019/20.
